

Aberdeen's Infographic Challenge

To celebrate the launch of the Global Goals for Sustainable Development, Aberdeen for a Fairer World and the Montgomery Development Education Centre are launching an infographic challenge.

We want you to send us inspiring, innovative, visual representations of the Global Goals. Check out www.globalgoals.org for some inspiration.

Design an infographic or poster, draw a picture or take a photo, that represents the Global Goals. You can focus on one goal, such as Goal 1. No Poverty, or think about all the goals and the promise they hold to deliver meaningful change in the world.

Send your design to montgomerydec@btconnect.com, we'll display it on our website and send you a certificate for participating.

World Leaders have committed to 17 Global Goals to achieve 3 extraordinary things in the next 15 years. **End extreme poverty.** **Fight inequality & injustice.** **Fix climate change.** The Global Goals for sustainable development could get these things done. In all countries. For all people. If the Goals are going to work, everyone needs to know about them. TELL EVERYONE.
